

CERTIFICATE OF COMPLETION

NURSE AIDE TRAINING

This program prepares the student to provide basic patient care under the supervision of a licensed nurse. Upon successful completion, the student will be eligible to take the state exam to be certified as a Nursing Assistant (CNA). Students must earn a C or higher in HL116 to receive a Certificate of Completion, and in order to be eligible to take the Nurse Aide Certification Exam and be placed on the Michigan Nurse Aide Registry. Employment opportunities for CNA's primarily include hospitals, home care and long-term care facilities.
